

BLUESTONE MONTANA BLUE

Dressed Edge Random Ashlar Blocks

This ever-popular Bluestone is unique with its cool metallic and earthy tones. Its density and durability are ideal for the Australian climate and can be used for any internal or external application. Used widely in residential and commercial designs it also features as a backdrop for the Adelaide Zoo's Panda enclosure.

Natural stone blocks are nominally between 95-110mm thick so can be used like a brick as a construction element. Please note minimum quantities and extended lead times may apply, contact us for more information.
