

LIMESTONE PANAMA BLUE

Natural Finish 600 x 300 x 30/60 Drop Edge Coping

Our Limestone Panama Blue Paving and Coping will add refreshing colour to your outdoor living space. We feel it looks great paired with light white breeze blocks for a cool palm springs vibe, creating an oasis at home. However you style it, it's sure to make a splash in your garden design.

This drop edge coping gives a sturdy contemporary look with the thick (60mm) machined edge on show.
