

SANDSTONE SA BASKET RANGE

Rock Face / Pudding Face Random Lengths, 76, 162, 248mm
(H) Veneers, nominal 25-35mm + protrusion

One of our local South Australian natural stone options, this sandstone comes out of the Adelaide Hills. A coarse grain sandstone, this quarry face option highlights the natural colours that exist in the stone. The protruding shape of this rock face adds a beautiful depth to the texture of this dressed stone.
