

SANDSTONE SAND DUNE

Smooth 1 edge/1 Right end, 600 x 300 x 35mm Bullnose Coping

Sand Dune's subtle sandy/salmon colour with brown veining offers warmth and beauty. The smooth finish brings out the detail of the wavy veining that winds its way through this stone. The bullnose returns, creating a finished L shape, ideal for corners/ areas where the side return is exposed.

Please note limited quantities are available, contact us for more information.
