SLATE STORM GREY

Split Face Hearth 1000 x 1000 x 30mm Pencil Edge (4 Sides)

This slate, which is a foliated, homogeneous metamorphic rock, has been split, which leaves a light texture on this hearth. It softens the veining detail, leaving the overall tone which is a consistent dark grey to characterise its appearance. The perfect base for your heater.

Also available in 1200 x 1200 x 30mm
