

## TRAVERTINE SAHARA CREAM

Split Face Random Ashlar Blocks

**all sizes available:** Random Lengths 75/160mm (H) Veneers, Random Lengths 75mm (H) Veneers, Random Lengths 160mm (H) Veneers, 12 Piece Pattern (3 heights x 4 lengths) Blocks

This exquisite, split face travertine reveals a pleasing off-white colour with subtle shade variations. The surface finish captures and enhances the unique fossilisation in the stone revealing millions of years of history.

### GALLERY IMAGES

Natural stone blocks are nominally between 95-110mm thick and typically used like a brick as a construction element.

Please note minimum quantities and extended lead times may apply, contact us for more information.
